TUFFmouldings: AN EXTENSIVE RANGE OF EASILY APPLIED, SOLID, LIGHTWEIGHT, DECORATIVE MOULDINGS BY TUFFTEX.

TUFFmouldings provide a professional finish to any style of project. Our comprehensive range of mouldings and custom mouldings allows for creativity to compliment your stylish exterior. Whether it be Georgian, Colonial, Contemporary, Modern or bespoke, our TUFFmouldings range has got you covered.

THE EASY 3 STEP TUFFmouldings GUIDE:

1 CUSTOMISE DESIGN

TUFFmouldings are custom designed to meet your specific requirements. They can be made new or made to replicate existing profiles. TUFFmouldings are produced to a standard length, coming in 2.4m, 3m, and 3.6m for the large range of profiles that we carry in stock. However, should your design require specific lengths, these can be produced to order (within acceptable handing criteria). Once installed, TUFFshield Mouldings Paint or TUFFTEX Acrylic Texture is applied in any desired colour.

2 DIY SUPPLY OR INSTALLED

TUFFmouldings can be purchased in two ways:

a) DIY (Supply only)

An installation manual will be supplied on request.

b) INSTALLED

Installed by one of TUFFTEX's accredited installation teams, who have over 20 years of installation experience.

3 TALK TO AN EXPERT

Come visit us at our showroom/factory based in Malaga, or give us a call. All our TUFFmouldings are proudly manufactured right here in Malaga WA, meaning we can offer a quick turnaround. Need help, ready to place an order, or simply want to talk to an expert in mouldings, contact us today.
