

**SAFETY DATA SHEET**  
**TUFFTEX POLISHED PLASTER**  
Non-Hazardous Substance, Non Dangerous Goods

**1. PRODUCT & COMPANY IDENTIFICATION**

**Product Name:**  
TUFFTEX POLISHED PLASTER

**Company Details:**  
3 meg.com P/L as trustee for the Tufftex Unit  
Trust trading as Tufftex.  
**ABN:** 487 128 48635

**Address:** 3 Hunt St, Malaga WA 6090  
**Tel:** (08) 9248 8788  
**Email:** info@tufftex.com.au

Other Information Note: The information contained in this material safety data sheet is accurate at the date of issue and in accordance with the information available to us. Persons dealing with products referred to in this material safety data sheet do so at their own risk and use the product appropriately in the manner specified under the product Technical Data Sheet and also in accordance with the information listed below. We accept no liability whatsoever for damage or injury however caused arising from use of this information or of suggestions contained herein.

**IDENTIFICATION**

**Product Name:** TUFFTEX POLISHED PLASTER

**Other Names:** None Listed  
**Product Code:** None Listed  
**UN No:** None allocated  
**Hazchem:** None allocated  
**D.G. Class:** None allocated  
**Pack. Grp.:** None allocated  
**Product Type:** Decorative Acrylic Protective Coating  
**Major Ingredients:** Acrylic Compound, Inactive Pigments & Aggregates  
**Poisons Schedule:** Not scheduled  
**Product Use:** Trowel-on Acrylic Coating  
**Issued:** 9th October 2019

Read Label on the side of the bucket before use.  
Wash hands and any exposed skin including face thoroughly after handling.  
See Section 8 PPE.

### 3. COMPOSITION / INFORMATION ON INGREDIENTS

Ingredients	CAS Number	Proportion
Acrylic Polymer	9063-87-0	30-40%
Water	7732-18-5	10-15%
Pigments	Proprietary	20-30%
Pigments	Proprietary	10-15%
Ingredients determined not to be hazardous	Proprietary	20-50%

### 4. FIRST AID INFORMATION

**Inhalation:** Move subject to fresh air. Keep at rest until fully recovered. Seek medical advice if effects persist.

**Skin Contact:** Wash affected areas thoroughly with soap & water. Consult a physician if irritation persists.

**Eye Contact:** Flush eyes with a large amount of water for at least 15 minutes, holding the eyelids apart. Consult a physician if irritation persists.

**Ingestion:** Rinse mouth with water. If swallowed, do NOT induce vomiting. Give a glass of water to drink. Never give anything by the mouth to an unconscious patient. If vomiting occurs give further water. Be ready to seek medical advice instantly.

If poisoning occurs, seek medical advice or call Poisons Information Centre on 131 126

### 5. FIRE FIGHTING INFORMATION

**Specific Hazards:** Non-combustible material.

**Hazchem Code:** Not applicable.

**Extinguishing Agents:** Use extinguishing media appropriate for surrounding fire, water fog or fine water spray.

**Firefighting further advice:** On burning or decomposing may emit toxic fumes. Firefighters to wear self-contained breathing apparatus and suitable protective clothing.

### 6. ACCIDENTAL RELEASE MEASURES

**Spills & Clean Up:** Contain spills with sand or earth. Remove to a suitable container for disposal. Wash the area and equipment with water. Do not allow cleaning water and/or run-offs to enter sewers, storm water or open bodies of water.

Reuse buckets of used product to clean-up any spillages and dispose of these buckets accordingly.

### 7. SAFE HANDLING & STORAGE INFORMATION

**Storage and Transport**

**Handling:** Avoid skin and eye contact and vapour inhalation.

**Storage:** Store in a cool, dry place and out of direct sunlight. Keep containers sealed when not in use. Store above 4°C and below 50°C.

### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

National occupational exposure limits: No value assigned for this specific material by Safe Work Australia.

PPE or personal protection equipment consists of appropriate clothing apparel normally long sleeve shirts, safety spectacles, safety shoes for being on a building site and optional on whether you wear gloves or not.

### 9. PHYSICAL & CHEMICAL PROPERTIES

**Appearance:** Paste

**Polished Concrete Odour:** Practically odourless

**Viscosity:** >14 mm<sup>2</sup>/s @ 40 Degrees C

**pH:** 11.0 - 12

**Specific Gravity:** 1.5

**Flash Point:** Non Combustible

**Solubility in Water:** Soluble

**Melting Point/Range:** (degrees Celsius) N Av

**Boiling Point/Range:** (degrees Celsius) N Av

## 10. STABILITY AND REACTIVITY

**Volatile Component:** Not available.

**Auto ignition Temp.:** Not available.

**Chemical Stability:** This material is classified as stable when stored and used as directed.

**Conditions to avoid:** Elevated temperatures which affects the performance of the product.

## 11. TOXICOLOGICAL INFORMATION

Providing that the product is used in the appropriate manner there should not be any apparent health effects unless the goods are ingested or spillage occurs into the eyes. If this occurs please see under section 4 of the First Aid procedures.

## 12. ECOLOGICAL INFORMATION

Do not allow cleaning water and/or runoffs to enter sewers, storm water or open bodies of water.

**Aquatic Hazard:** No information is available to complete an assessment.

**Ecotoxicity:** No information available.

## 13. DISPOSAL CONSIDERATIONS

Disposal should be in accordance with local, regional and state-wide legislation. Buckets should be stacked so as to minimize space in site disposal bins to contribute to more efficient disposal for landfill.

## 14. TRANSPORT INFORMATION

**For Road and Rail Transport:** Not classified as Dangerous Goods under the jurisdiction of the 'Australian Code for the Transport of Dangerous Goods by Road & Rail.'

**For Marine Transport:** Not classified as Dangerous Goods under the jurisdiction of the 'International Maritime Dangerous Goods Code' (IMDG Code) for transport by sea.

**For Air Transport:** Not classified as Dangerous Goods under the jurisdiction of the 'International Air Transport Association' (IATA) Dangerous Goods Regulations for transport by air.

## 15. REGULATORY INFORMATION

**This information/constituent(s) is covered by the following requirements:**

All of the constituents of this material are listed on the Australian Inventory of Chemical Substances (AICS).

There are no international regulations affecting the supply of this product into the Australian market.

---

## 16. OTHER INFORMATION

This safety data sheet has been produced since the TUFFTEX POLISHED PLASTER product was developed and launched by TUFFTEX in September 2019.

This SDS has been developed according to Worksafe Australia/NOHSC guidelines.
